

This chart shows the benefits included in each of the standard Medicare Supplement plans. Every company must make Plan "A" available. Some plans may not be available in your state.

**Basic Benefits**

**Hospitalization:** Part A co-insurance plus coverage for 365 additional days after Medicare benefits end.

**Medical Expenses:** Part B co-insurance (generally 20% of Medicare-approved expenses), or co-payment for hospital outpatient services.

Plans K, L and N require insured to pay a portion of Part B co-insurance or co-payments.

**Blood:** First three pints of blood each year.

**Hospice:** Part A co-insurance.

\* Plan F also has an option called a high deductible Plan F. This high deductible plan pays the same benefits as Plan F after one has paid a calendar year \$2,200 deductible. Benefits from high deductible Plan F will not begin until out-of-pocket expenses exceed \$2,200. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. These expenses include Medicare deductibles for Part A and Part B, but do not include the plan's separate foreign travel emergency deductible.

Notice to Buyer: This policy may not cover all of the costs associated with medical care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations.
